The Howard Amendment.
JOINT RESOLUTION PROPOSING AN AMENDMENT TO THE CONSTITUTION OF THE UNITED STATES.
Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, (two-thirds of both Houses concurring) That the following article be proposed to the Legislatures of the several States as an amendment to the Constitution of the United States, which, when ratified by three-fourths of said Legislatures, shall be valid as part of the Constitution, namely:
ARTICLE XIV.—SECTION 1. All persons born or naturalized in the United States and subject to the jurisdiction thereof are citizens of the United States and of the State where they reside. No State shall make or enforce any law which shall abridge the privileges or immunities of citizens of the United States; nor shall any State deprive any person of life, liberty, or property, without due process of law; nor deny to any person within its jurisdiction the equal protection of the laws.
Sec. 2. Representatives shall be apportioned among the several States according to their respective numbers, counting the whole number of persons in each State, excluding Indians not taxed. But when the right to vote at all elections for the choice of electors for President and Vice-President of the United States, Representatives in Congress, the executive and judicial officers of a State, or the members of the Legislature thereof, is denied to any of the male inhabitants of such State, being twenty-one years of age and citizens of the United States, who shall not have been abridged, except for participation in rebellion or other crime, the basis of representation therein shall be reduced in the proportion which the number of such male citizens shall bear to the whole number of male citizens twenty-one years of age in such State.
Sec. 3. No person shall be a Senator or Representative in Congress, or elector of President and Vice-President, or hold any office, civil or military, under the United States, or under any State, who having previously taken an oath, as a member of Congress, or as an officer of the United States, or as a member of any State Legislature, or as an executive or judicial officer of any State, to support the Constitution of the United States, shall have engaged in rebellion against the same, or given aid or comfort to the enemies thereof. But Congress may, by a vote of two-thirds of each House, remove such disability.
Sec. 4. The validity of the public debt of the United States, authorized by law including debts incurred for payment of pensions and bounties for services in suppressing insurrection or rebellion, shall not be questioned. But neither the United States nor any State shall assume or pay any debt or obligation incurred in aid of insurrection or rebellion against the United States, or any claim for the loss or emancipation of any slave; but all such debts, obligations, or claims, shall be held illegal and void.
Sec. 5. The Congress shall have power to enforce, by appropriate legislation, the provisions of this article.

HARPER'S NEW MONTHLY MAGAZINE.
Critical Notices of the Press.
It is the foremost Magazine of the day. The friends never had a more delightful companion, nor the million a more enterprising friend, than Harper's Magazine—Melchior Protestant (Balt). The most popular Monthly in the world.—New York Observer.
We must refer in terms of eulogy to the high tone and varied excellences of HARPER'S MAGAZINE—a journal with a monthly circulation of about 150,000 copies—in whose pages are to be found some of the choicest light and general reading of the day. We speak of this work as an evidence of the culture of the American People; and the popularity it has acquired is merited. Each Number contains fully 144 pages of reading-matter, appropriately illustrated with good woodcuts; and it combines in itself the very monthly and the more philosophical quarterly, blended with the best features of the daily Journal. It has great power in the dissemination of a level and pure literature. TRUBNER'S Guide to American Literature, London.
The volumes bound constitute of themselves a library of miscellaneous reading such as can not be found in the same compass in any other publication that has come under our notice.—Boston Courier.

"Unquestionably the best sustained work of the kind in the World."
HARPER'S NEW MONTHLY MAGAZINE.
Critical Notices of the Press.
It is the foremost Magazine of the day. The friends never had a more delightful companion, nor the million a more enterprising friend, than Harper's Magazine—Melchior Protestant (Balt). The most popular Monthly in the world.—New York Observer.
We must refer in terms of eulogy to the high tone and varied excellences of HARPER'S MAGAZINE—a journal with a monthly circulation of about 150,000 copies—in whose pages are to be found some of the choicest light and general reading of the day. We speak of this work as an evidence of the culture of the American People; and the popularity it has acquired is merited. Each Number contains fully 144 pages of reading-matter, appropriately illustrated with good woodcuts; and it combines in itself the very monthly and the more philosophical quarterly, blended with the best features of the daily Journal. It has great power in the dissemination of a level and pure literature. TRUBNER'S Guide to American Literature, London.
The volumes bound constitute of themselves a library of miscellaneous reading such as can not be found in the same compass in any other publication that has come under our notice.—Boston Courier.
